Hi Sruli,

I was in a meeting on Monday with the client and they wanted me to let you know how good the new Windows look and how polite your site fitting team are. It really is a breath of fresh air so thank you for that. Please pass on the praise to the team.

He also mentioned that there is another 2-3 schemes like this where the full building requires a full window fit and I said I would highly recommend ACE so some possibilities there for future works.

Thanks again.
